

# Energy Audit

CLEANING SOLUTIONS FOR THE HEALTH OF YOUR BUSINESS

## Software for Analyzing Laundry Utility Costs

A **Fast, Easy, and Comprehensive** Way to Evaluate your Utility Costs and Compare them to Potential Costs Using Sunburst's Laundry Products

Learn valuable information about your current situation and see options for improving your utility costs.

# See the Savings with Sunburst's Products and Systems...

Sunburst's Energy Audit software reporting is easy to use and simple to run. Information requested by the pop-up boxes is entered and reflects what the present laundry operation is running. The message boxes are completed using data corresponding to a proposed Sunburst system. A complete and comprehensive detail of every utility is analyzed, providing a direct comparison of cost and potential savings, broken down by utility and by total cost. Energy Audit software lets you see a graph of the utility costs compiled from all data entered and shows the results from the audit in an easy-to-understand format. It's that easy!
