Offering Environmentally Responsible Solutions

Solid Detergents are Safer, More Reliable, and More Efficient

Solid detergents are safer, more reliable and the preferred environmental choice when compared to powder or liquid solutions. Sunburst Chemicals is a leader in green cleaning expertise by working with the EPA to develop Sunburst products with DfE/Safer Choice recognition. We offer many other environmentally preferred products equivalent to those listed above with DfE/Safer Choice recognition.

Benefits of the Sunburst Sanitation Program

1. Food Safety

- ✓ Training — training package available to address all cleaning and sanitizing requirements
- ✓ Performance — outstanding performance based on extensive testing and customer testimonials
- ✓ Accurate dispensing demonstrates commitment to food safety

2. Employee Safety

- ✓ Solids cannot be spilled, splashed, or mixed with other chemicals. This means solids help reduce:
 - Back injuries
 - Slips and falls
 - Eye injuries
 - Burns / skin irritations
 - Inhalation

3. Cost / Operational Efficiency

- ✓ Overuse eliminated
- ✓ Shipping costs reduced
- ✓ Storage space reduced
- ✓ Shelf life extended

4. Service / Training

- ✓ Training program and support materials
- ✓ Instruction and procedure manuals
- ✓ Food safety certified field personnel focus on sanitation and food safety
- ✓ Nationwide service
- ✓ 24/7 support

Committed to Exceptional Service

From One Location to Multi-Unit Chains — Ultimate National Program
