

GREASE RELEASE

Heavy Duty Degreaser

CLEANING SOLUTIONS FOR THE HEALTH OF YOUR BUSINESS.

GREASE RELEASE

Heavy Duty Degreaser

GREASE RELEASE is a soil heavy duty grill cleaner, oven cleaner, and general degreaser. It removes protein soils, animal fats, carbonized grease, and encrusted soils from floors, walls, food processing equipment (grills, hoods, ovens, fryers) and kitchen utensils. A unique blend of surfactants and detergents leaves surfaces clean and film free.

100% active raw materials - no water or fillers added.

Specially formulated for cleaning the toughest grease related soils in the following applications:

Carbon	Floors	Ovens
Grills	Hoods	Processing Equipment

Unique blend of alkalis and surfactants to create an effective, easy to use degreaser.

High solvent content to dissolve burned-on soils.

Each capsule yields 128-640 gallons of use solution.

Product is kosher year-round, excluding Passover.

PACKAGING:

1 x 5 lbs/case (#6030S1)

PROPERTIES:

Color - Brown	Hard Water Tolerance - Excellent
Fragrance - Solvent	Rinsability - Excellent
pH - NA	Fumes - None
pH, Use Solution- 11.5-12.5	Flash Point - None
Detergency - Excellent	Corrosive Factor - Corrosive
Wetting - Excellent	Shelf Life - 1 year
Emulsification - Excellent	

BAR CODE & CUBE INFORMATION:

Dimensions - 5.25 x 5.25 x 8.5
Weight - 5.5
Cube - 0.136
PKG/Layers - 36
Layers - 7
Pallet - 252
Hazardous - Yes
UPC Code - 10784331603099

SAFETY:

Read label carefully before use. For industrial and institutional use only by trained personnel. Keep out of reach of children. Harmful if in contact with skin. Causes severe skin burns and eye damage. For further information, consult the Safety Data Sheet.

DIRECTIONS FOR USE:

Trigger Spray Bottles: Place trigger sprayer bottle under dispenser with the tube in the bottle. Fill with solution by pushing the button or turning the valve to the "on" position. Once desired level is reached, turn valve to off position.

Bulk Reservoirs: To fill a container with working solution through an R2U dispenser, turn the valve to the "on" position. Fill container to desired level, then turn valve to "off" position.

Heavy Duty Cleaning: Use concentrate by turning handle to "on" position. Clean as normal using mop, brushes, or towels as appropriate. Rinse thoroughly with potable hot water.
